

Dentistry Continuing Education for VETERINARIANS ONLY

Date: Sunday April 28, 2019

Location: SPCA of New Orleans

Time: 8am – 5pm

Course Description

The course will cover the common techniques to deliver the majority of all dental care required by your patients. Discussions in this CE are far ranging and will include in-depth discussions on the economics in veterinary dentistry. We will focus on oral surgery, covering surgical extraction techniques and the retrieval of fractured roots and root tips on canine cadaver specimens. You will repair simulated oronasal fistulas and get an introduction to periodontal surgery. You will perform local anesthesia and learn what you need for your dental armamentarium.

Cost - \$550

Food and beverages provided

8 hours of CE credit
