

Dentistry Continuing Education for VETERINARIANS ONLY

Date: Sunday July 25, 2021

Location: SPCA of New Orleans

Time: 8am – 5pm

Course Description

The course will cover common techniques used to deliver the majority of all dental care required by your patients. Discussions in this CE will include how to diagnose and treat the most common pathologies seen in day-to-day practice and the economics of veterinary dentistry. The lab will focus on surgical and non-surgical extraction techniques, retrieval of roots/root tips, correct instrument selection and usage, how to create tension free flaps, and radiology.

Cost - \$700

Food and beverages provided

8 hours of CE credit
